**“Strengthening Catholic Values by Providing Excellence
in Education while Serving God and One Another”**

A note from the Principal

Learning is important at Saint Paul School. Our dedicated teachers and awesome students participated in a school-wide Geometry & Measurement Festival last week. It was an exciting hands-on learning experience for the students. In the month of December, the students will continue learning Geometry & Measurement concepts in their enVisionmath classes.

We started some of our after school enrichment clubs. The students will need a permission slip every time there is a club meeting. The Robotics Club will start this month. Any student wanting to participate in this club will need to send \$16 to buy the materials for their first take-home robot they will be building. Checks may be written to Saint Paul School. More information will be sent later this week.

**Sincerely,
Mrs. Cowan**

Prayer for Families this Advent Season

Loving God,
During this holy season of Christmas,
we ask for your blessing on all families.

Let Mary's openness to you always be
an inspiration to place all trust in you.

Let Joseph's courage provide hope
during times of anxiety and uncertainty.

Let Jesus' life ignite all families with a
spirit of light and love.

May the grace that encircled the Holy
Family widen to embrace all families.

For this we pray.
Amen

MERRY CHRISTMAS AND HAPPY NEW YEAR FROM SPS.
