St. Paul School Partners With Blue Stream Farms

St. Paul School is thrilled to announce our new partnership with Blue Stream Farms! St. Paul School is receiving a hydroponic grow bed and is the first Elementary school to receive a donation from Blue Stream Farms. Blue Stream Farms will be working with faculty and students to teach the proper techniques for aquatic farming including producing organic greens for our salad bar.

Blue Stream Farms offers a STREAM education model that focuses on Science, Technology, wRiting, Engineering, Arts, and Math.

The grow bed will be available for all students to participate.

Thank you, Blue Stream Farms!
